

# Vocational Training and Job Placement program

At the Rabbit School education programs are the first step in working towards the rehabilitation and full integration into the Cambodian Society of Children and Youth with Intellectual Disabilities.

The second step is the **Vocational Training and Job Placement** program. In our center graduate students learn specific skills that make it possible for them to find a job. A job helps them to integrate the society, become more independent and increase their income and their families.

## Our Vocational Training Center in Brief

- ❖ A program for youth with mild to moderate Intellectual Disability
- ❖ Aged between 16 and 25
- ❖ A program where we train youth on soft and hard skills
- ❖ Handmade production of Paper Bags as a main activity
- ❖ Training in hospitality Skill with partners
- ❖ Complementary training in cleaning and gardening
- ❖ A weekly schedule including job attitude, teamwork, collaboration, independence, problem solving, self-esteem, confidence and social behavior, sport and music.
- ❖ Paper Bags production customized and sold on monthly request to private companies
- ❖ A support on Job searching and placement for the youth
- ❖ Monitoring and permanent support for youth and their families
